Action Taken Report

Academic Year: 2022-23

Name of the Stakeholder: Student

A staff council meeting has been convened by College Academic Committee with all the in-charges/Heads of the Departments under the Chairmanship of the Principal to bring feedback analysis to their notice with a request to find out the possibility for effective changes offered by their respective departments.

The Heads of the departments in turn have conducted a meeting in their departments and explored the possibility of action plan to be implemented. Student's feedback above 90% is considered as positive feedback, below 90% as a thumb down feedback and we are working for the improvement.

S.No.	Questionnaire	Feedback/ Concern	Percentage	Action to be taken
1	Please rate the overall effectiveness of the curriculum in meeting your educational goals.	Very Good	88%	We will conduct a thorough review of course materials and textbooks to ensure the curriculum's learning objectives are achieved.
2	How would you rate the relevance of the curriculum to your chosen field of study?	Excellent	90%	We will assess the curriculum's difficulty level in relation to students academic readiness and may consider adjustments to ensure that it provides an appropriate level of challenge while promoting student engagement and growth.
3	How would you rate the balance between theory and practical applications in the curriculum'?	Excellent	94%	We will assess and enhance the curriculum to better prepare students for their future academic and career.
4	How would you rate the availability and accessibility of learning resources (e.g., textbooks, online materials, lab facilities)?	Very Good	87%	We will review and consider of incorporating suggested topics within the curriculum to enhance the learning experience and aligning it with student's educational needs and aspirations.

5	Please rate the effectiveness of the teaching methods used in delivering the curriculum.	Excellent	92%	We will review and update learning resources and materials within the curriculum to ensure they remain current and relevant to the subject matter, fostering a dynamic learning environment.
6	How would you rate the inclusion of real-world applications and industry-relevant projects in the curriculum?	Very Good	88%	We will assesses and enhance to promote critical thinking, problem solving, and creativity as key by, integrating more activities that foster these skills.
7	Please rate the level of student engagement and participation encouraged in the curriculum.	Excellent	91%	We will actively face difficulties encountered in curriculum delivery, offering support, professional development, and resources to facilitate a smoother teaching experience.
8	How would you rate the support and guidance provided by faculty members in understanding and navigating the curriculum?	Very Good	89%	We will carefully consider the recommendations for curriculum enhancement, seeking to implement changes that align with updated technologies and focusing on the needs of the students.
9	Please rate the effectiveness of the assessment methods used to evaluate your learning in the curriculum.	Very Good	88%	We will evaluate the curriculums integration of real-world applications and practical skills, aiming in fulfilling the industry needs
10	How would you rate the overall satisfaction with the curriculum?	Excellent	90%	We will consider the changes to enhance the improvements in curriculum and analyze the suggested strategies and changes to enhance the curriculum engagement and motivation for faculty and students.

A staff council meeting has been convened by College Academic Committee with all the in-charges/Heads of the Departments under the Chairmanship of the Principal to bring feedback analysis to their notice with a request to find out the possibility for effective changes offered by their respective departments.

The Heads of the departments in turn have conducted a meeting in their departments and explored the possibility of action plan to be implemented. Student's feedback above 90% is considered as positive feedback, below 90% as a thumb down feedback and we are working for the improvement.

S.No.	Questionnaire	Feedback/ Concern	Percentage	Action to be taken
1	Rate the overall quality of the engineering curriculum provided by the college.	Very Good	88%	Our plan is to conduct a comprehensive curriculum review and update it to ensure that it meets current industry requirements.
2	How well do you think the curriculum aligns with the current industry requirements and trends?	Excellent	91%	Identifying and addressing areas in the curriculum that need improvement to will help students workforce readiness.
3	Rate the effectiveness of the curriculum in preparing students with the necessary technical skills for the job.	Very Good	87%	Our assessment and update of the curriculum will ensure that it incorporates the latest technological advancements and industry trends.
4	How well does the curriculum integrate practical applications and hands-on ex-eriences?	Excellent	91%	Our goal is to identify and promote the courses that are highly beneficial to our graduates and consider expanding similar offerings.

5	How well does the curriculum incorporate interdisciplinary knowledge and skills?	Excellent	94%	We plan to conduct a gap analysis in the curriculum and make necessary changes to make graduates more employable.
6	Rate the effectiveness of the curriculum in promoting critical Thinking and problem-solving abilities.	Very Good	89%	We will evaluate the effectiveness of our curriculum in teaching critical thinking and a problem – solving skills and make changes as necessary.
7	Rate the support provided by the college in terms of Internships, co-op programs, and industry collaborations.	Very Good	86%	We will review and improve our curriculum to ensure the effective integration of practical hands-on experiences, and a genuine world application.
8	How well does the curriculum prepare students for effective communication, teamwork, and leadership skills?	Excellent	92%	We will identify and include critical soft skills and non-technical competencies into the curriculum to better prepare students for the workplace.
9	How well does the curriculum promote innovation, creativity, and entrepreneurship?	Excellent	93%	We will evaluate and enhance the adaptability and flexibility of our curriculum to better meet to changing industry demands.
10	Rate the overall preparedness of the students graduating from this college for the industry.	Very Good	87%	We will review and improve the curriculum to guarantee it effectively prepares-students for leadership roles and ethical decision-making in the workplace

Action Taken Report

Academic Year: 2020-21

Name of the Stakeholder: Alumni

A staff council meeting has been convened by College Academic Committee with all the in-charges/Heads of the Departments under the Chairmanship of the Principal to bring feedback analysis to their notice with a request to find out the possibility for effective changes offered by their respective departments.

The Heads of the departments in turn have conducted a meeting in their departments and explored the possibility of action plan to be implemented. Student's feedback above 90% is considered as positive feedback, below 90% as a thumb down feedback and we are working for the improvement.

S.No.	Questionnaire	Feedback/ Concern	Percentage	Action to be taken
1	How relevant were the courses in preparing you for your career?	Excellent	90%	We will review the curriculum review to ensure that it aligns with industry standards and improve preparation for post-graduation careers or further studies.
2	How well did the curriculum enable you to apply theoretical knowledge to practical situations?	Very Good	89%	In order to maximize future students benefits, we will evaluate the curriculum to find worthwhile courses and take into consideration integrating them into a program.
3	Did the curriculum provide sufficient exposure to real-world industry practices and trends?	Excellent	91%	We review the curriculum to make sure it covers both theoretical and practical aspects in the course.
4	Rate the competence and expertise of the faculty members.	Very Good	88%	We will prepare students for real-world challenges and work on improving curriculum areas.
5	How effective were the teaching methods employed in the curriculum?	Very Good	86%	We will evaluate the curriculum to guarantee it is up-to-date with industry trends and advancements in your field

6	Rate the importance and quality of project work assigned as part of the curriculum.	Excellent	91%	We are going to look at how the curriculum can expand the opportunities for interdisciplinary learning and skill development
7	Did the curriculum offer a satisfactory range of elective courses to choose from?	Excellent	92%	Adding elective courses or specializations suggested by alumni will be taken into consideration when planning future curriculum.
8	How well did the curriculum support co-curricular activities such as workshops, seminars, and competitions?	Very Good	88%	We will evaluate the availability of resources and support to boost the chances of students conducting independent research or projects related to the curriculum.
9	Were there ample opportunities for research and innovation within the curriculum?	Very Good	87%	We will determine if the curriculum is effective in promoting critical thinking, problem-solving, and creativity to enhance students' academic journey.
10	Overall, how satisfied are you with the curriculum?	Excellent	90%	We will compile advice from alumni to provide current students with guidance on how to maximize their educational opportunities within the curriculum.

S.No.	Questionnaire	Feedback/ Concern	Percentage	Action to be taken
1	Rate the overall quality of the engineering curriculum provided by the college.	Very Good	89%	Our plan is to conduct a comprehensive curriculum review and update it to ensure that it meets current industry requirements.
2	How well do you think the curriculum aligns with the current industry requirements and trends?	Excellent	90%	Identifying and addressing areas in the curriculum that need improvement to will help students workforce readiness.
3	Rate the effectiveness of the curriculum in preparing students with the necessary technical skills for the job.	Very Good	87%	Our assessment and update of the curriculum will ensure that it incorporates the latest technological advancements and industry trends.
4	How well does the curriculum integrate practical applications and hands-on ex-eriences?	Excellent	91%	Our goal is to identify and promote the courses that are highly beneficial to our graduates and consider expanding similar offerings.

5	How well does the curriculum incorporate interdisciplinary knowledge and skills?	Very Good	88%	We plan to conduct a gap analysis in the curriculum and make necessary changes to make graduates more employable.
6	Rate the effectiveness of the curriculum in promoting critical Thinking and problem-solving abilities.	Excellent	92%	We will evaluate the effectiveness of our curriculum in teaching critical thinking and a problem – solving skills and make changes as necessary.
7	Rate the support provided by the college in terms of Internships, co-op programs, and industry collaborations.	Very Good	86%	We will review and improve our curriculum to ensure the effective integration of practical hands-on experiences, and a genuine world application.
8	How well does the curriculum prepare students for effective communication, teamwork, and leadership skills?	Very Good	89%	We will identify and include critical soft skills and non-technical competencies into the curriculum to better prepare students for the workplace.
9	How well does the curriculum promote innovation, creativity, and entrepreneurship?	Excellent	92%	We will evaluate and enhance the adaptability and flexibility of our curriculum to better meet to changing industry demands.
10	Rate the overall preparedness of the students graduating from this college for the industry.	Very Good	88%	We will review and improve the curriculum to guarantee it effectively prepares-students for leadership roles and ethical decision-making in the workplace
