Description	We @SVCET-NSS UNIT gather here to celebrate Ozone Day with a special umbrella rally from our college to Lingalavalasa village. This day is dedicated to raising awareness about the vital role the ozone layer plays in protecting life on Earth from harmful ultraviolet radiation. Our umbrella rally symbolizes the protection and shelter the ozone layer provides to all living beings. As we walk together under our umbrellas, we aim to spread awareness about the importance of preserving the ozone layer and taking action to reduce ozone-depleting substances. During this rally, we will share information about the causes of ozone depletion, the impact of UV radiation, and steps we can take to protect and restore the ozone layer. By engaging with the community in Lingalavalasa village, we hope to inspire collective action towards environmental conservation..
