The shift towards cashless transactions offers numerous advantages, including enhanced security, convenience, and transparency. Our goal today is to educate the students, teachers, and community members about the various digital payment methods available and how to use them safely and effectively. During this program, we will cover topics such as the use of credit and debit cards, mobile banking apps, e-wallets, and UPI (Unified Payments Interface). We will also discuss the importance of digital literacy and cybersecurity to ensure safe and secure transactions.

Description	We @SVCET-NSS UNIT conducted Earth Day rally, It is dedicated to raising awareness about the urgent need to stop the usage of plastic. Today, we gather to show our commitment to protecting our planet and promoting sustainable living practices. Earth Day is a reminder that our actions have a profound impact on the environment. One of the most pressing issues we face today is plastic pollution. Plastics take hundreds of years to decompose, harming wildlife, polluting oceans, and affecting our health. Our rally today aims to educate and inspire our community to reduce plastic usage and switch to eco-friendly alternatives. As we march from our college to [destination], we will display placards with powerful messages highlighting the dangers of plastic pollution and the importance of sustainable practices.
