Description

Department of EEE, Sri Venkateswara College of Engineering and Technology has organized A One Day Seminar on "How to Crack Competitive Examinations after Engineering" for III B.Tech students of all branches. A total of 276 students have attended the program.

A highly informative Awareness Program was conducted on 10-12-2020 to impart techniques that can help individuals achieve success in competitive exams represent a critical juncture for individuals striving to achieve academic and professional milestones.

The seminar aimed to equip participants with effective strategies to overcome challenges and emerge victorious in their pursuit of excellence. A One Day Seminar on "How to Crack Competitive Examinations after Engineering" program conceived with the primary goal of equipping participants with a robust set of strategies and skills to excel in these challenging assessments.

The success of the program can be attributed to its multifaceted approach, participants were immersed in a comprehensive curriculum covering subject-specific content, exams strategies and soft skills development. In this program experienced instructors and mentors played a vital role in providing personalized guidance and motivation creating an environment conducive to learning and growth.

The program's emphasis on effective time management, stress reduction, and optimal test-taking strategies empowered participants to not only conquer the academic challenges but also to cultivate a mindset of resilience and confidence.

As a result, the program witnessed remarkable outcomes, with participants reporting substantial score improvements, successful exam outcomes, and newfound self-assurance in their ability to navigate and triumph in competitive exams.

Description

Training, Placement and Career Guidance Cell of Sri Venkateswara College of Engineering and Technology has organized a one-day career development program on “**Importance of career counseling for Engineering Students (plan to study abroad or in India)**” for IV B.Tech students of all branches. A total of 263 Students have attended the program.

The speaker has presented important ways in which career guidance proves beneficial. This is regarding on planning to study abroad or in India.

The speaker said that the main objective of counseling is to guide the students for their future endeavors and achievements.. Due to a lack of knowledge and guidance, students might pick up a course that may not align with your career goals. Hence the need of career counselors is very important.

He said that the career counselors are experts at assessing student interests, aptitude and their personality. Based on their evaluation, they recommend the best career option to ensure the student professional and academic growth.

He also focused on the how the behavioral patterns of the students should be. He said that students can become a professional only when they accept the changes or the toughest situations that are raised during the course. He also said about the importance of updating themselves towards the latest development in their chosen career paths.

An experienced career counselor notices such behavior and makes individuals aware of their habits. Thus, career counseling for students does not end with guidance. As it also assists in changing behavioral patterns and increasing your overall productivity

The program was conducted successfully with the coordination of the T&P Associates. Students participated actively and interacted with resource person.
