Description	SVCET-NSS UNIT Swachh Bharat Plantation program here in Etcherla. Today, we come together to contribute to the Swachh Bharat Abhiyan by enhancing our environment through the planting of saplings. This initiative not only promotes cleanliness but also supports the growth of a healthier and greener community. The Swachh Bharat mission, launched by our honorable Prime Minister, focuses on creating a clean and hygienic India. By integrating this mission with our plantation drive, we aim to address environmental concerns and promote sustainable living. Trees play a vital role in improving air quality, providing shade, preventing soil erosion, and supporting diverse ecosystems. Today's program involves the planting of saplings in various locations across Etcherla. Each sapling represents our collective commitment to a cleaner, greener future. These trees will stand as living symbols of our dedication to environmental conservation and community well-being.

Event end date	16.09.2019
Place of the activity	Lingalavalasa Village
Collaboration	APCOST
Description	SVCET-NSS UNIT gathered here to observe Ozone Day with a special umbrella rally from our college to Lingalavalasa village. This day is dedicated to raising awareness about the vital role the ozone layer plays in protecting life on Earth from harmful ultraviolet radiation. Our umbrella rally symbolizes the protection and shelter the ozone layer provides to all living beings. As we walk together under our umbrellas, we aim to spread awareness about the importance of preserving the ozone layer and taking action to reduce ozone-depleting substances. During this rally, we will share information about the causes of ozone depletion, the impact of UV radiation, and steps we can take to protect and restore the ozone layer. By engaging with the community in Lingalavalasa village, we hope to inspire collective action towards environmental conservation.

Event start date	05.06.2018
Event end date	05.06.2018
Place of the activity	LINGALAVALASA Village
Description	SVCET-NSS UNIT our sapling plantation program here in Lingalavalasa village. Today, we gather to take meaningful action towards a greener and more sustainable future by planting saplings that will grow into trees and contribute to the well-being of our environment. Planting trees is one of the most effective ways to combat climate change, improve air quality, and enhance biodiversity. Trees provide oxygen, reduce carbon dioxide levels, prevent soil erosion, and offer habitats for countless species of wildlife. Our goal today is to plant as many saplings as possible and to ensure they are cared for as they grow. This initiative not only beautifies our surroundings but also instills a sense of responsibility and environmental stewardship within our community.
